It's alright if you trip over a rock while walking
(Probably probably)
It's alright even if it rains from the dry sky
(Probably probably)

Whether this happens or that happens, who cares? Just sing lulu lala Or just rap

I'm just gonna rap
Or maybe play games
Or I'll go to Spoonz & Table
And eat a bunch of ice cream

Who cares if things don't go your way Just do what you want

I don't care, it's alright
It doesn't matter if you're a little late
So I don't care, it's alright
You, you, you and me

Oh better than now
Now now now
Oh better than now
Now now
Oh better than now
Now now
Oh better than now
It'll all be alright

The night will pass, sun, please rise rise rise If you're gonna rise anyway Please rise above the clouds Go around here and there to say hello 24 hours, if you only do what you wanna do There's not enough time

Who cares if things don't go your way Just do what you want

I don't care, it's alright
It doesn't matter if you're a little late
So I don't care, it's alright
You, you, you and me

Oh better than now
Now now now
Oh better than now
Now now
Oh better than now
Now now
Oh better than now
It'll all be alright

If you wanna do something, do it, whatever it is
If you wanna go, you can go
You are the most important to yourself
Even if people fight in saunas
It doesn't matter
Let's just say anything

I don't care, it's alright
It doesn't matter if you're a little late
So I don't care, it's alright
You, you, you and me
