The color of my heart has faded
Because your eyes haven't colored it
Love is so bad
The scars won't heal
And my heart gets worse

You left without a word, what could I do?
I'm nothing
I couldn't even tell you
Even if I do, you couldn't hear me

Give me a little more time
Just one day
So I can remember you
Oh baby please don't go

Stay with me, just for one day
My beautiful my beautiful
Stay by my side, just for today
I feel like going crazy but I'll hold it in
Because you're gonna come back
Because you're gonna come back

I'm sorry for only having you
I just don't think I can forget you

I don't think I can do it, why did you do that?
Why did you leave with only longing left behind?
Regrets always come too late
Why is that?
Does anything change just because you regret?

Give me a little more time
Just one day
So I can remember you
Oh baby please don't go

Stay with me, just for one day
My beautiful my beautiful
Stay by my side, just for today
I feel like going crazy but I'll hold it in
Because you're gonna come back

I try to forget you and erase you every day
I try to hate you with countless words but
At some point
I'm thinking about you again

Stay with me, just for one day
My beautiful my beautiful
Stay by my side, just for today
I feel like going crazy but I'll hold it in
Because you're gonna come back

Because you're gonna come back
I will look for you
