Shadow

In the light
I'm looking for
In my sight
I'm looking for

My two eyes are filled with you
I can't separate myself from you for even a moment
Crazy crazy crazy crazy crazy
I breathe through you but I exist separately
Crazy crazy crazy crazy crazy

Right now, when our hands are unable to meet
I hope it's just a constructed dream
From behind you
I will never disappear
Till the unstoppable eternity
Stay with me
With me with me

Tied opposite the bright light
I become immersed in you
On and on and on and on and on
From that cold and dark trap
I want you even more
On and on and on and on and on

Shadow
Feeling it aight
The innocence
Of me
In the dark
Shadow
Feeling it aight
When the time comes where darkness covers all
That is when we become one
Shadow

Falling in so deep
You charge at me, making me want you more, more
You shake me so much that I can't concentrate
You color this place into a darker night
Again, again, you make me want you
So that I can't see anything else don't go yeah
Where is this place
It's like you've put a loop on my line of sight
I'm crazy ya
I don't even realize that time is passing
Because even when night and sun change positions
You're still shining

Right now, when our hands are unable to meet
I hope it's just a constructed dream
From behind you
I will never disappear
Till the unstoppable eternity
Stay with me
With me with me

Tied opposite the bright light
I become immersed in you
On and on and on and on and on
From that cold and dark trap
I want you even more
On and on and on and on and on

Shadow
Feeling it aight
The innocence
Of me
In the dark
Shadow
Feeling it aight
When the time comes where darkness covers all
That is when we become one
Shadow

The two of us, in the east
In the place where flowers bloom
That harmonious place, I miss it

Tied opposite the bright light
I become immersed in you
On and on and on and on and on
From that cold and dark trap
I want you even more
On and on and on and on and on

Shadow
Feeling it aight
The innocence
Of me
In the dark
Shadow
Feeling it aight
When the time comes where darkness covers all
That is when we become one
Shadow
