It takes you all day just to get ready
You're always late every time
If you were late because you wanted to look pretty for me
You're so pretty I want to die

You're pretty even when you're not made up
Ah, I don't know
I want to see you sooner
So don't be late

Everything looks good on you
From basic makeup to horn rimmed glasses
Everything looks good on you
Your messy bun
Everything looks good on you
My current self and me in old age

Everything looks good on you
You look good look good look good with me

You you you you
You you and I
You you you you
You you and I

From your pout and when you're out of it
Everything looks good on you
I want to save time from even saying this
I want to be with you more and more
We walk on the street holding hands and you smile and I ask you
When you ask me if you noticed anything different about you today
I wish you would stop asking me these questions
Why would you ask, you're pretty even when you don't ask

If you get angry for not noticing that your nail polish color changed
I feel wronged
If you were affirming my love for you
It's my fault

You're pretty even when you're not made up
Ah, I don't know
I want to see you sooner
So don't be late

Everything looks good on you
From basic makeup to horn rimmed glasses
Everything looks good on you
Your messy bun
