Why? Why? Why?

A nice chilling holiday  
With friends' laughter my head is swaying  
Holding a drink, I say  
"I can live with this hooray! Not so bad"

Why? Kore janakya  
To kimetsukete bakaride  
Zara tsuita kimochi nomikonde na ga shite

It's okay to sing a song with a guitar out of tune  
No need for umbrellas  
(Um-um) under the rainy blue

Life goes like...hibi kawaru  
Swinging back and forth like a pendulum  
Turn it up hoshiku naru  
Sukoshi no nagusame to music tutulu  
Play it loud  
Come on, and show us  
The special recipe that everyone has  
When you tap, it'll be unwrapped  
That's what makes us clap

Right? Right? Right?

Kako no "machigai" ga ima  
Ja "seikai" ni natte  
Kachi-kan tte nandakke

A soup to warm you  
Sweet, bitter, salty, sour
