

Interface

Nuno Bettencourt

Don't just sit there and stare at me
Don't just sit there and watch me bleed
I'm losing you and you you're losing me
I'm tired of what we are
I'm tired of all the pain
I'm losing you and you you're losing me

Pull your interface
Face lies flat
I see my reflection
Download thoughts
But your files are corrupted

Time stands still and your frozen in motion
I held down your escape
But you're crashing
You're crashing
