

I Hate Christians

Nunslaughter

You think because they fall to their knees
Servants will inherit just to be meek
Christians believe that a God is in the sky
Their fucking ignorance is the reason why

I hate Christians
The Nicene Creed
Capricious and deleterious
Disciples of Christ

I Hate Christians
I Hate Christians

It is time to rise and think for yourself
be strong inside and don't ask for help
The Christian cross has turned to a crutch
they preach salvation but it won't mean much
When the price you pay is your own dignity
to bow before a religious effigy
To all of mankind why won't you listen
I pray to hell because I hate Christians

If Christ is so strong why can I blaspheme
Can't follow faith but that is just me
I was born from dust and thoughtfulness bread
A conscious being when I am dead I am dead

I Hate Christians
