

# You Say My Name

Nunslaughter

Pentagram stays unbroken and all of our hands are clutched  
And the fire dances in the moonlight

Sacrifice this moaning virgin and drink the chalice of blood  
It's likely we will find the answer tonight

You say my name

Summon diabolos the wretched creature of horror  
The one that drives to this sick repulsion

Fright and dread fill the pit of your quivering soul  
Trepidation doubt and revulsion

You say my name

Diabolos  
Wicked one  
Satan  
Tempter  
Dark one  
Beast  
Prince of Darkness  
The Great Dragon  
Mephistopheles  
The old serpent

Omnipotent and foreboding my presence a must  
For I can fulfill your deep desire  
Existence without regret exuding sinful lust  
Trading heaven for Hells unholy fire
