

# I've Been Here Before

Nural

There were days when her words held some worth in a story.  
Talk is cheap, so I'm buying whatever she tells me.  
She said 'I'll see you back at home, I'm going for a night drive'.  
Where she goes alone, at a quarter after midnight,  
I don't wanna know where she really goes.

Cause I've been here before,  
Longing for just another lose.  
And I've been where you are,  
Getting caught up in the moment  
And losing.

It's a lie, it's a dangerous game that you're playing.  
Then again, who am I to say I've never played it?  
She said 'I'll see you back at home, I'm going for a night drive'.  
Where she goes alone, at a quarter after midnight,  
I don't wanna know where she really goes.

Cause I've been here before,  
Longing for just another lose.  
And I've been where you are,  
Getting caught up in the moment  
And losing.  
I've been here before, haven't we all?  
And I've been where you are,  
And we fell for more... ohhhh

She said 'I'll see you back at home, I'm going for a night drive'.  
Where she goes alone, at a quarter after midnight,  
I don't wanna know, I don't wanna hear it,  
I don't wanna hear it, I don't wanna hear it.

I don't wanna hear you lock the door,  
From the moment I shut my eyes.  
Heels on the floor when you come in with the sunrise  
I don't wanna know where she goes.

Cause I've been here before,  
Longing for just another lose  
And I've been where you are  
Getting caught up in the moment  
And losing.  
I've been here before, haven't we all?  
Yeah I've been where you are, and we fell for more.  
Ohhhh
