

What Then

Nurses

Had you never heard a bout of words like these?
Never ever thought it'd sound so much like peace
those who oppose
a secret need exposed
and that's a guarantee

Had you never heard or wanted us to see
never ever thought it'd
sound so much like me

those who oppose
a secret need exposed
and that's a guarantee

that's what you need
a kind of guarantee
I couldn't give to you

The sound never gave me up
so what then?
I'd never gave me up,
so what then?

did the lie ever give me?
the lie ever give me?

The sound never gave me up
so what then?
I'd never gave me up,
so what then?

did the lie ever give me?
the lie ever give me?

that's what you need
a kind of guarantee
I couldn't give to you

The sound never gave me up
so what then?
I'd never gave me up,
so what then?

did the lie ever give me?
the lie ever give me?

The sound never gave me up
so what then?
I'd never gave me up,
so what then?

did the lie ever give me?
the lie ever give me?
