NVDES

You don't gotta be some kind of Buddhist to do this  
Its a natural movement  
You ain't gotta deal with all the bullshit  
Cut through it, yeah you know how to do it  
It's ok to be some kind of nudist, you into this?  
I'll show you how to cut through this  
Sorry I had to get a new phone, who's this?  
I don't have time for this  
Cut through it, cut through it, cut through it  
You know how to do it

Make your butt cheeks clap  
Hit a boom boom slap  
You can put it in your snap  
If your done with trap

Story time!  
So I was riding a lime and I was totally fine  
When a guy comes up and he cut me in line  
He was probably high and he was out of his mind  
And I thought to myself hey you know this guy  
Has probably had a day way worse than mine
