Sugar

NVDES

I got a face, but can I sell it?
But can I sell it?
I got a name, but can I sell it?

I got a face, but can I sell it?
But can I sell it?
I got a face, but can I sell it?
But can I sell it?

Today's the best day of my life
I'm so hungover I could cry
Tattoo Jamaica on my back
Text you a picture of my lips

And if you want, if you want, if you want
You can stay all night, stay all night, stay all night
Yeah, if you want, if you want, if you want
You can stay all night, stay all night, stay all night

Tastes like sugar
On the sheets
Tastes like sugar
You and me

A palm tree sunburn in the sky
I don't know who I am
I love the stranger in my mind

Tastes like sugar

Tastes like sugar
On the sheets
Tastes like sugar
You and me

Tastes like sugar
Tastes like sugar
You and me
You and me
You and me
You and me
Tastes like sugar

Tastes like sugar
On the sheets
Tastes like sugar
You and me

Tastes like
It tastes like
It tastes like sugar
