

The Other Side

NVDES

(Are you in the city?)

You keep your lipstick light
And I like mine like clay
I wanna lay and braid your hair
Under the sheets all day
You suckered me inside
Your cotton candy surprise
I wanna keep the lights on
And play with you all night

All my best friends say
You are the worst thing
That happened to me
All my best friends say
You are the worst thing
That happened to me

Are you in the city?
Are you on the other side?
Are you in the city?
Are you on the other side?
Are you in the city?
Are you on the other side?
Are you in the city?
Are you on the other side?
(Are you on the other side?)

You are the Ashlynn bus?
Trainee reality stars
My holy sweet sixteen
Hold me in your arms
You always shave my knees
You pay the rent on time
You feed me lemon-head stickers
And I'm outta my mind

All my best friends say
You are the worst thing
That happened to me
All my best friends say
You are the worst thing
That happened to me

Are you in the city?
Are you on the other side?
Are you in the city?
Are you on the other side?
Are you in the city?
Are you on the other side?
Are you in the city?
Are you on the other side?
(Are you in the city?)

(You say you love me but you don't)
You say you love me
But you don't do it

You say you love me
But you don't do it
You say you love me
But you don't do it
You say you love me
But you don't do it
You say you love me
But you don't do it
You say you love me
But you don't do it
(Are you in the city?)
(Are you outta your-)

(Outside, outsi-oh, ooh-ooh-ooh ooh)
