

# Unforgettable

NVDES

I know how good it feels to look back  
You lent your heart to me, we went fast  
Will I ever be so happy?  
You had everything that I need  
I know how good it feels  
To be thinking about the way you are to me

Thinking about the way that you knew me  
I could never be who I used to be  
And you

You're unforgettable  
You're unforgettable  
You're unforgettable  
You're unforgettable

I know how good it feels to look back  
You gave your heart to me, we went fast  
Will I ever be so happy?  
You had everything that I need  
I know how good it feels  
Because you

You're unforgettable  
You're unforgettable  
You're unforgettable  
You're unforgettable
