

Wake Up

NVDES

Wake up
Wake up wherever you are
Wake up
Wake up wherever you are

I'm so fly, sick and I'm cool
I fucking rock out, I'm a fucking jewel
I'm a fucking vibe and the world is my pool
Beat a whole pack like a fish in the school
I walk around like I'm E.T.
Out of this world, check out my EP
Check me out on the FYP
Make girlies giggle 'cause I'm silly, hehe

Grass on the land
I'm a shapeshifter
Move borders out the way, powerlifter
Turn frowns upside-down, face lifter
I attract lots of friends, go getter

Mira cómo crezco, como plantita
Soy lo que el mundo necesita
Soy leyenda, como Frida
Soy la divina femenina

I'm like E.T., coming to Earth
All eyes on me, me
Extra-terrestrial, UFO, pedestal
I'm King, Queen
Reaching vibration, yeah, yo
I'm beaming
Bright as the sun, leaving my Earth
All eyes on me, me

Alien girl, party on Earth
It's an alien world
Collecting my coin, yeah
My alien pearl
I'm a whole snack, yeah
I'm an alien swirl
I am stellar
Intergalactic girl

Wake up
Wake up wherever you are
Wake up
Wake up wherever you are

Good morning, good night
Good morning, good night
Good morning, good night
Good morning, good night
Good morning, good night
Good morning, good night

I'm like E.T., coming to Earth
All eyes on me, me

Extra-terrestrial, UFO, pedestal
I'm King, Queen
Reaching vibration, yeah, yo
I'm beaming
Bright as the sun, living my life
Yeah, I'm dreaming
