

Get Between It

Nxdia

I can admit that I stay
Too close to topics that make me
Question, all my friendships

Is there something that you need?
Rad fa lak kan ghareeb
A olak eh?
There's nothing to say

My mum tells me
I'm getting in too deep
Ma tehdy ya habibti
Sibeehom fe halhom

It's never easy
For me to just leave it
I see a disagreement
And wanna get between it

Hey, ho
I just can't seem to let go
As the day goes
It's best you don't let me know
I say so
Yeah, let's just leave it on hold
Let's leave this on hold
Yeah, yeah

If I pick favourites
Easy take down
Ana a khaf min meen?
For your sake now
Don't start
Take a sec to chill
Mish aiza mashakel

Atmana eh?
That we end up far away from here
Ana baz'al lama bafakar kiteer

El faida eh?
Bin koon baykheen lama ahna bin gheer
I just wanna keep my conscience clear

There's nothing in it
I'm just at my limit
Let's just spin this
To a different minute

Hey, ho
I just can't seem to let go
As the day goes
It's best you don't let me know
I say so
Yeah, let's just leave it on hold
Let's leave this on hold
Yeah, yeah

Hey, ho
I just can't seem to let go
As the day goes
It's best you don't let me know
I say so
Yeah, let's just leave it on hold
Let's leave this on hold
Yeah, yeah
