

# Jennifer's Body

Nxdia

Jennifer's body's like a curse  
It makes my skin burn  
Jennifer's body is like a knife to my throat  
Guess this one's gonna hurt

She is so evil  
I know I'm just a thing to sacrifice  
She is so lethal  
Corrosive but I'm gonna stay the night (ah)

She's the kinda girl that eats your heart out  
If you let your guard down  
Oh, there's no surviving her  
She's the girl that's coming on the rebound  
Something's possessing her  
Oh, I need Jennifer

Ooh, I need her  
Ooh, Jennifer  
Ooh  
God, I'm obsessed with her  
Oh, I need Jennifer

Jennifer's ripping you to shreds  
And I pray that I'm next
