

OUCH

Nxdia

Boundaries

Aren't really my specialty

Yeah, clearly

Speaking truthfully

Initiated phase-out, didn't think that it would phase me

I just noticed I'm past your old apartment now

It's been a year, really thought I would've blocked it out

Feels worse 'cause it's any other day

You're any other person and I'm stuck with the change

I remember that concert

I was singing my heart out

You were watching me dance

Faded from the fallout

I couldn't tell you what this is all about

What I learned, what I heard through word of mouth

OUCH

God you could've left this out

This was a lesson I could've lived without

I couldn't tell you what this is all about

What I learned, what I heard through word of mouth

OUCH

God you could've left this out

This was a lesson I could've lived without

I'm full of humor that's tongue in cheek

You take it seriously

I trailed behind now I'm so ready

Hand on my chest, my heartbeat steady

Since the start, I got the blame (oh)

Now we're apart

Everything's the same (oh)

I remember that concert

I was singing my heart out

You were watching me dance

Faded from the fallout (oh)

I couldn't tell you what this is all about

What I learned, what I heard through word of mouth

OUCH

God you could've left this out

This was a lesson I could've lived without

I couldn't tell you what this is all about

What I learned, what I heard through word of mouth

OUCH

God you could've left this out

This was a lesson I could've lived without

I couldn't tell you what this is all about

What I learned, what I heard through word of mouth

OUCH

God you could've left this out
This was a lesson I could've lived without
