Nxdia

I never do this
I swear I don't
I stay away from girls like you
You make me nervous
We've had a few drinks
You're feeling bold
You've got your arms around my neck
I'm hyper focused

What do I do now?
Breaking a sweat
Keep it low down
Can you tell that I'm anxious baby
Feel my heartbeat
Like boom boom boom

I love it
Do what you want girl
I'll be your puppet
Got no strings but know you're into
Tying a knot only you can undo
Ah ah
I want it
Got me obsessed
With the way you're responding
6 inch heels butterfly tattoo
Over my head with a girl like you

All I really wanna do is
Make you mad by acting clueless
Fa7ma enti azdik eh
Bas I really wanna make you say it
Barakiz 3aliky
7'aleeky m3aya
Lying here with you
3aiza el ana 3aizeh

I'm into it
Am I making it obvious

I love it
Do what you want girl
I'll be your puppet
Got no strings but know you're into
Tying a knot only you can undo
Ah ah
I want it
Got me obsessed
With the way you're responding
6 inch heels butterfly tattoo
Over my head with a girl like you

What do I do now?
Can I confess
Like it when you're stripped down
Need a seat
I'm like right here baby

Feel my heartbeat go boom boom boom

I love it
Do what you want girl
I'll be your puppet
Got no strings but know you're into
Tying a knot only you can undo
Ah ah
I want it
Got me obsessed
With the way you're responding
6 inch heels butterfly tattoo
Over my head with a girl like you
