Spark, she don't ever spark
She don't ever stress me
We don't even fuck
She don't ever spark
She don't ever spark

She don't ever stress me
We don't even talk
All we do is sex and leave
No there's no love
She don't even like me
But if we have drugs
She can be my wifey
When we have drugs
When we have drugs
When we have drugs
When we have drugs

I got lost up in it, got lost up in it, got high for a minute (I was high as fuck)

Said my lust for life and these lights are bright and I love these women
Said we bopping slow and we do the dance like we more than winning
Said she off the beat but she's fine as fuck so I find the rhythm
No love is greater, in this whole world we made up
This love is made-up, it's made-up
It's made-up, it's made-up, it's made-up (say, aye)
I don't know this bitch but I love this shit and we both feel splendid
And she loud as fuck so I grab and touch and she don't get offended
They gon' call the law if we don't get lost in [?] parking lot
She don't like me dog, she just like the drugs my nigga, don't get it twisted

How many more can you give to me?
How many more can you give to me?
I know you're feeling me
Grinding and biting and kissing me
Who gives a fuck bout your history?
Nobody mentioned it
I coulda taken them all, I coulda taken them all, look at me dog
Look at me dead in the eyes, tell me you ain't in love

She don't give a fuck
She don't ever stress me
We don't even talk
All we do is sex and leave

When we have drugs
When we have drugs
