

## Everyday

Nyashinski

(Naomba hapo ukuwe mpole)

(Naomba hapo ukuwe mpole)

Everyday we fall in love again  
Everyday my love for you gets stronger and stronger  
Don't know how much longer I can wait until I see your face  
Every time you're far from me, I'm lonely  
Woah, woah

Love you like I never, ever loved before  
Kukupenda sikujua itakuwa rahisi hivo  
Na pressure sina, unani-nice hivo  
Uliona Beamer mahali kulikuwa na bicycle  
Na roho ya mine iko satisfied  
Uko aje fine nje pia na ndani hivo, malaika fulani you must be  
(Naomba hapo ukuwe mpole)  
Made a promise I would never ever take you for granted  
(Naomba hapo ukuwe mpole)  
You're everything I need and more

Everyday we fall in love again  
Everyday my love for you gets stronger and stronger  
Don't know how much longer I can wait until I see your face  
Every time you're far from me, I'm lonely  
Woah, woah

Where do I begin, girl you changed my life  
Pamoja, tunaweza fika anywhere we like  
Paris was fun, many more to come  
Inshallah, juu najua hupendi false alarm  
I'll always be there for you-ou-ou  
And I'm hoping you say I do-ou-ou  
And I loved you before I said it  
(Naomba hapo ukuwe mpole)  
But it's new every time, everything I need and more  
(Naomba hapo ukuwe mpole)

Everyday we fall in love again  
Everyday my love for you gets stronger and stronger  
Don't know how much longer I can wait until I see your face  
Every time you're far from me, I'm lonely  
Woah, woah
