

In my mind baby
Is where you spend most of your time baby
So many signs say
Hii yetu, hii yetu
Hii yetu ni perfect design baby yeah

Wangu ni wewe
Ukienda milele nitangoja
Najua kwa wengine nitakukosa
Akubali Mwenyezi, tuzeke pamoja
Nitakupenda milele

I love you like I've never loved in my life
So love me like you've never loved in your life
Whenever we are together, oh life so nice
Kama sijakupenda, then I, never loved in my life

I love you like I've never loved in my life
So love me like you've never loved in your life
Whenever we are together, oh life so nice
Kama sijakupenda, then I, never loved in my life

I thought I was fine baby
Until love came and opened my eyes baby yeah
Perfect design yeah
You came to me right on time baby yeah
And you know you did
And you know you did

Wangu ni wewe
Ukienda milele nitangoja
Najua kwa wengine nitakukosa
Akubali Mwenyezi, tuzeke pamoja
Nitakupenda milele

I love you like I've never loved in my life
So love me like you've never loved in your life
Whenever we are together, oh life so nice
Kama sijakupenda, then I, never loved in my life

I love you like I've never loved in my life
So love me like you've never loved in your life
Whenever we are together, oh life so nice
Kama sijakupenda, then I, never loved in my life

I love you like I've never loved in my life
So love me like you've never loved in your life
Whenever we are together, oh life so nice
Kama sijakupenda, then I, never loved in my life
