

I Will Find You

O.A.R.

In the cut of the night
Driving heavy on River Road
Ain't looking to fight
I just wanna' move things along
I don't want anyone's life
Just getting to know my own
Drive, drive, drive

Oh, midnight came
You're at the window, I'm in a frame
And the truth is all that remains
I will find you
I will find you
I will find you
I will find you

Foot on the floor
Heading straight for the county line
The city is no good
In the shadow you leave behind
Mama said follow the stars
But I ran out of country road
Drive, drive, yeah, I drive

But the truth will split you in two
Got to find you
I will find you
I will find you
I will find you
I will find you
I will find you
I have got to
I will find you

Nothing will break us apart
Neither the miles or the scars
Oh I know
In my head
In my soul
There's only two
There's me and you
I will find you
I will find you
I've got to
I will find you

Often summer rains just can't wait to fall
From underneath a tired atmosphere
Me, I'm in a plane watching empty cars
Fall into the ocean, disappear
But I can't tell if this is real
Are those mountains made of steel
Am I on my way to everything that I want, or am I here
Inside the town where I was raised
We turned and walked away
Better to be lost than without you

We were all we're meant to be
Shoreline at our feet
Waiting on a wave to run into
And out beyond the reef
The current pulled us deep
But I fought for you

The sun that turned to night

You disappeared and I'm
Left waiting on a clue
The air I'm cutting through
I can find you
I will find you
I have got to
I will find you
Find you

I got this woman, yeah she needs me bad
But she don't know
I crossed the world but it crossed me back
On I roll to a time
Wondered like a fool
Then one night
I fell in love with you

I got this woman, yeah she's so damn bad
But she don't know
I'd do anything to get her back
On I roll to a time
Wondered like a fool
Then one night
The sounds you heard were true

Oh, they are true
I found you
I found you, you, yeah
Yeah, yeah, yeah, yeah

Hey, just keep believin'
Hey, just keep believin'
Hey, just keep believin'
I'll find you

Hey, just keep believin'
Hey, just keep believin'
Hey, just keep believin'
I'll find you

Hey, just keep believin'
Hey, just keep believin'
Hey, just keep believin'
I'll find you

Hey, just keep believin'
Hey, just keep believin'
Hey, just keep believin'
I'll find you

Hey, Just keep believin'
Hey, Just keep believin'
Hey, Just keep believin'

Hey, Just keep believin'
Hey, Just keep believin'
Hey, Just keep believin'

Hey, Just keep believin'
Hey, Just keep believin'
Hey, Just keep believin'

Hey, Just keep believin'
Hey, Just keep believin'
Hey, Just keep believin'
Hey, Just keep believin'
Hey, Just keep believin'
Hey, Just keep believin'
Hey, Just keep believin'
Hey, Just keep believin'
