

# Bust It

O.T. Genesis

Oh, lick

My watch, I'm busting it down  
My chain, I'm busting it down  
Your bitch, I'm busting it down  
The pistol, I'm busting it now  
My watch, I'm busting it down  
My chain, I'm busting it down  
Your bitch, I'm busting it down  
The pistol, I'm busting it now  
Bust it, bust it, bust it, bust it  
Bust it, bust it, bust it, bust it  
Bust it, bust it, bust it, bust it

All the shine on my wrist  
Club lights got me lit  
Heard she called me a trick  
But she still got the dick  
Double R with the tits  
Grill look like a fix  
Love to ball, fuck the bitch  
Now I'm turnt like a wrench  
Get lit, hit licks  
Get rich, bitch  
Get chips  
Chain big, wrist glitter  
Man they hate, got 'em mad  
So what? I'm a get a bag

My watch, I'm busting it down  
My chain, I'm busting it down  
Your bitch, I'm busting it down  
The pistol, I'm busting it now  
My watch, I'm busting it down  
My chain, I'm busting it down  
Your bitch, I'm busting it down  
The pistol, I'm busting it now  
Bust it, bust it, bust it, bust it  
Bust it, bust it, bust it, bust it  
Bust it, bust it, bust it, bust it

38 on my waist  
Hold the shell, no trace  
Get the fuck out my space  
'Fore I make niggas race  
Bad bitch with a bundle  
Intimidate so they mumble  
Move the work, don't crumble  
Touchdown, don't fumble  
Rap, stack  
Get crack, trap  
Map that, trap packs  
Take a chance, move blocks  
80 racks for the watch  
Wore my chain, made her squat

My watch, I'm busting it down

My chain, I'm busting it down  
Your bitch, I'm busting it down  
The pistol, I'm busting it now  
My watch, I'm busting it down  
My chain, I'm busting it down  
Your bitch, I'm busting it down  
The pistol, I'm busting it now  
Bust it, bust it, bust it, bust it  
Bust it, bust it, bust it, bust it  
Bust it, bust it, bust it, bust it
