Don't tell me to calm down man the shit serious
Cause this hoe talkin' bout she have a period

See I was chillin' at a house smokin' marijuana
Ya know cc and a mother hoe from round the corner
Used to be the pussy yup of you make me wanna
Man she had the best pussy out in California
Is like a circus at the house I turned it to a trick
But that's only cause I seen the bitch doin' tricks
Used to jump on my dick and doin' full split
And that full split got me in some bullshit
Put the condom on my shit rubbin' on the clit
But I ain't sayin' shit I was thinkin' with my dick
Say she want the best so I went full out
I still can't believe my ass sayin' pull out
