

Empty Space

O-Town

It went down today like a spiral staircase all the way to the floor

I won't let you leave even if it means I stand in front of the door

'Cause there's a black hole in my heart if I ain't with you
And the shape of it traces the curves around your body
I don't know what I should, I don't know what I should do
'Cause I ain't myself if I ain't with you

And I can't get you up out of my head
No I can't get you up out of my heart
And I can't get you up out of my bed
'Cause once you leave there'll only be empty space
Empty space, empty space
'Cause once you leave there'll only be empty space

I've never felt this pain
There ain't a novocaine that can numb my heart now
I can't fill up the void, I swear I hear your voice
And you're no where to be found
'Cause there's a black hole in my heart if I ain't with you
And the shape of it traces the curves around your body
I don't know what I should, I don't know what I should do
'Cause I ain't myself if I ain't with you

And I can't get you up out of my head
No I can't get you up out of my heart
And I can't get you up out of my bed
'Cause once you leave there'll only be empty space
Empty space, empty space
'Cause once you leave there'll only be empty space
'Cause once you leave there'll only be

Yeah, ain't no empty space when we're sexin'
But this emptiness is depressin'
You ain't gotta ask no questions
I'm full, 1K, invest it
You can grab my black book, throw it out
Look through my phone, just trust
I'mma fill your cup so you know what's up
But if you leave there's only just empty space

Empty space, empty space
'Cause once you leave there'll only be empty space
Empty space, empty space
'Cause once you leave there'll only be empty space
