

## Lines & Circles

O-Town

It's time for me to find out, find out  
But only if the words come out your mouth  
Half the bottle them i'm falling down, falling down  
So glad somebody finally figured out

Maybe now we're going in the same direction  
We knew that it would never be the same again  
It's a classic case of simple misconnection  
You're a diamond in the rough

So please tell me we can leave this all behind  
Nothing's ever lost that we can't find  
Crashing into you at the speed of light  
'Cause in the end baby we're just lines and circles, and circles  
'Cause in the end baby we're just lines

We knew we had to get it right, get it right  
'Cause in the end it's only you and me  
Everything is everything when nothing else is right  
I guess that it was always meant to be

Maybe now we're going in the same direction  
We knew that it would never be the same again  
It's a classic case of simple misconnection  
You're a diamond in the rough

So please tell me we can leave this all behind  
Nothing's ever lost that we can't find  
Crashing into you at the speed of light  
'Cause in the end baby we're just lines and circles, and circles  
'Cause in the end baby we're just lines and circles, and circles  
'Cause in the end baby we're just lines and circles, lines and circles

So please tell me we can leave this all behind  
Nothing's ever lost that we can't find  
Crashing into you at the speed of light  
'Cause in the end baby we're just lines and circles, and circles  
'Cause in the end baby we're just lines and circles, and circles  
'Cause in the end baby we're just lines
