I don't know what it is That makes me feel alive I don't know how to wake The things that sleep inside I only wanna see the light That shines behind your eyes

I hope that I can say The things I wish I'd said To sing my soul to sleep And take me back to bed You want to be alone When we could be alive instead

Because we need each other We believe in one another And I know we're going to uncover What's sleepin' in our soul Because we need each other We believe in one another (And) I know we're going to uncover What's sleepin' in our soul What's sleepin' in our soul

There are many things That I would like to know And there are many places That I wish to go But everything's depending On the way the wind may blow I don't know what it is That makes me feel alive I don't know how to wake The things that sleep inside I only wanna see the light That shines behind your eyes

Because we need each other We believe in one another And I know we're going to uncover What's sleepin' in our soul Because we need each other We believe in one another (And) I know we're going to uncover What's sleepin' in our soul What's sleepin' in our soul

What's sleepin' in our soul What's sleepin' in our soul 'Cause we believe Because we need Jištěno ze we need
