

## (Get Off Your) High Horse Lady

Oasis

Get off your high horse lady, I don't need a ride tonight.  
Get off your high horse lady, I don't need a ride tonight.  
Lay down.

I hear your soul song singing from a fire in the sky.  
I hear your soul song singing from a fire in the sky.  
Rain down.  
Rain down.

Get off your high horse lady, I don't need a ride tonight.  
Get off your high horse lady, I don't need a ride tonight.  
Lay down.
