

## Keep the Dream Alive

Oasis

Four seasons, seconds, flicker and flash I'm alone  
A lonely scream provides the scene, it's no home  
Every night I hear you scream  
But you don't say what you mean  
This was my dream but now my dream is flown

Im at the crossroads waiting for a sign  
My life is standing stilll but I'm still alive  
Every night I think I know  
In the morning where did it go  
The answers disappear when I open my eyes

I'm no stranger to this place  
Where real life and dreams colide  
And even though i fall from grace  
I will keep the dream alive  
I will keep the dream alive

Four seasons, seconds, flicker and flash I'm alone  
A lonely scream provides the scene, it's no home  
Every night I hear you scream  
But you don't say what you mean  
This was my dream but now my dream is flown

I'm no stranger to this place  
Where real life and dreams colide  
And even though i fall from grace  
I will keep the dream alive  
I will keep the dream alive
