If I may be so bold could I just say something
Come and make me my day
The clouds around your soul don't gather there for nothing
But I can chase them all away

Why d'you need a reason for to feel happy Or be shining for the rest of the world Give me just a smile and would you make it snappy Get your shit together girl

You got a feeling lost inside
It just won't let you go
Your life is sneaking up behind
It just won't let you go
No it just won't let you go
What I'm trying to say ...

Is would you maybe, come dancing me

Cos to me it doesn't matter if your hopes and dreams are shatte

red

When you say semething you make me believe

When you say something you make me believe In the girl who wears a dirty shirt She knows exactly what she's worth Knows exactly what she's worth to me! That I can see, I can see

If you ever find yourself inside a bubble You've gotta find your own way home You can call me anytime you're seeing double Now you know you're not alone
