## **Those Swollen Hand Blues**

**Oasis** 

I cant see the wood for the trees Life is like a roller coaster I cant find the birds or the bees Hope theyre down the back of my sofa

Feeling like a rolling stone
Playing the guitar on my own
Im the apple of my eye
If only I could keep myself sober id remind myself why

They stare at me wherever I go Why wont everybody give up, no I wish I learn to play piano

If only I could get my self sober for more then one day
