

Turned to Stone

Obituary

I will find out in time
Which way turns you back to a shell of silence
Back to a shell of former self
Turned to stone!

You, Me tied in time
In ways we're so cold
Locked in a state of silence
Locked on and grab the serpent's tail
Turned to stone!

In time pain calls true
Enter seas of sanity
Back to a realm of certain death
Back to the realm of the living dead
Turned to stone!

Turned to stone!
