

## Turned to Stone

Obituary

I will find out in time  
Which way turns you back to a shell of silence  
Back to a shell of former self  
Turned to stone!

You, Me tied in time  
In ways we're so cold  
Locked in a state of silence  
Locked on and grab the serpent's tail  
Turned to stone!

In time pain calls true  
Enter seas of sanity  
Back to a realm of certain death  
Back to the realm of the living dead  
Turned to stone!

Turned to stone!
