You want to go to war
I'll take you to war
(I'll take you to war)
You want to go to war
I'll take you to war

In a killing field (War)
Incoming (War)
In my cross sights (War)
I'll take you to war
(I'll take you to war)

War
Cold blooded (War)
In the crossfire (War)
Come get some (War)
I'll take you to war

On the front lines
Bloody battlefield
