

Flowers And Booze

Ocean Alley

Baby light up the room
I'll be outside with flowers and booze
I was up late night dancing with you
We were up late right under the moon

Baby crack out the balloons
Almost out tide so take off your shoes
I was up late night enjoying the view
We were up late right under the moon

Baby light up the room
I'll be outside with flowers and booze
I was up late night dancing with you
We were up late right under the moon

Baby crack out the balloons
Almost out tide so take off your shoes
I was up late night enjoying the view
We were up late right under the moon
