

Love Balloon

Ocean Alley

I never was good at being romantic
But I can with you
You're the only one that seems to understand me
We feel so in tune

Oh, I feel, it's real
There's no denying an attraction
And oh, I feel, it's real
You put me in a mood

When my heart is beating
Do you feel it too?
Woah, we could touch the ceiling
From our love balloon

Now our love is feeling fantastic
Can we take off soon?
Floating high and going intergalactic
Just enjoy the view

And oh, I feel, it's real
There's no denying an attraction
And oh, I feel, it's real
You put me in a mood

Funny thing, loving you comes automatic
And you told me you don't know love until you have it
And I can tell that you also feel the magic
Yeah, you, yeah, you do

When my heart is beating
Do you feel it too?
Woah, we could touch the ceiling
From our love balloon

Woah, when my heart is beating
Do you feel it too?
Woah, we could touch the ceiling
From our love balloon

Woah, when my heart is beating
We could touch the ceiling
