## **Ocean Colour Scene**

Wah wah You've given me a Wah wah And I'm thinking of you And all the things that we used to do Wah wah, wah wah Wah wah You made me such a big star Being there at the right time Cheaper than a dime Wah wah You've given me your Wah wah, wah wah Oh, you don't only see me crying Baby, baby You don't only hear me sighing Oh no Wah wah I don't need another wah wah And I know how sweet life can be If I keep myself free Wah wah I don't need no Wah wah
