

BUSTIN

Ocean Grove

You can't escape me
Don't keep me waiting
Go on and make me
Oh, it goes on and on and on

But then I fight for a second when I don't wanna feel
I've got five little reasons why I won't sit still
I overthink it for a minute, oh I ponder and drift
Don't think I can keep it up

(Because I)
I've been bustin' for a hit, man
Somethin' rushing from within, man
I've been bustin' for this feeling

I know you crave me
No time to face it
I'm not the enemy
And It goes on and on and on

But then I fight for a minute when I don't wanna feel
I've got five little reasons why I don't sit still
I overthink it for a second, oh I ponder and drift
Don't think I can keep it up

(Because I)
I've been bustin' for a hit, man
Somethin' rushing from within, man
I've been bustin' for this feeling

I've been bustin' for a hit, man
Somethin' rushing from within, man
I've been bustin' for this feeling

(Because I)
I've been bustin' for a hit, man
Somethin' rushing from within, man
I've been bustin' for this feeling

I've been bustin' for a hit, man
Somethin' rushing from within, man
I've been bustin' for this feeling
