Ocean Grove

If I was a pearl diver, I'd dive down deep
Sink to the bottom and come back up with my dreams
If I was a pearl diver, I'd dive down deep
Sink to the bottom and come back up with my dreams

When this began, I had infinite strategies
To deal with the pain building up inside of me
Don't turn the page, you'll see the other side of me
I'm losing sight of the person I'm supposed to be

Can you tell I'm off the plug shit?
Can you tell I'm off the plug shit?
Can you tell I'm off the plug shit?
Can you tell I'm off the plug shit?

If I was a pearl diver, I'd dive down deep
Sink to the bottom and come back up with my dreams
If I was a pearl diver, I'd dive down deep
Sink to the bottom and come back up with my dreams
If I was a pearl diver, I'd dive down deep
If I was a pearl diver, I'd dive down deep
If I was a pearl diver, I'd dive down deep
If I was a pearl diver, I'd-

When this began, I was ten deep
To deal with the pain building up inside of me
Don't turn the page, you'll see the other side of me
I'm losing sight of the person I'm supposed to be

Stay
Pull me closer now, there's nothing I can say
Cloaked in darkness, voices dripping with disdain
As I ride the Magic Carpet, I begin to realise
"Motherfucker! I was born with heavy metal on my mind"

Can you tell I'm off the plug shit?
Can you tell I'm off the plug shit?
Can you tell I'm off the plug shit?
Can you tell I'm off the plug shit?

What you see is what you get, Mumma
Can you tell I'm off the plug shit?
What you see is what you get, Mumma
Can you tell I'm off the plug shit?
