

SILVER LINING

Ocean Grove

It's going in one ear and out the other
Some will say you're like no other
But life is not a puzzle oh for you to solve

You know that nothing really lasts forever
This won't be your last endeavour
So don't play your last card
There's more for you to know

When life begins to pass, I don't think I'll outlast you, without you

You gotta sit down
Take a page
This is the silver lining
To a chapter called "Alone"
And someone has wrote your name
You gotta sit down
Take a page
This is the silver lining
To a chapter called "Alone"
And someone has wrote your name

There's something life can throw, so don't forget it
A stepping stone to something better
And unknown pleasures lie beneath a waterfall

You know that nothing really lasts forever
If this is your last endeavour
I wonder if the stars will shine when you are gone

When life begins to pass, I don't think I'll outlast you, without you
When I become the past, I don't need to remind you, it's time to

You gotta sit down
Take a page
This is the silver lining
To a chapter called "Alone"
And someone has wrote your name
You gotta sit down
Take a page
This is the silver lining
To a chapter called "Alone"
And someone has wrote your name

Don't leave me believing
We were brought together, to leave the world forever
So leave me believing
We'll last on through each other, we're something to remember

You gotta sit down
Take a page
This is the silver lining
To a chapter called "Alone"
And someone has wrote your name
You gotta sit down
Take a page
This is the silver lining

To a chapter called "Alone"
And someone has wrote your name
