

What I Love About A Natural Woman

Ocean Grove

It's like they always tryna up and take our money man
But I ain't got none got them leaving with an empty hand
Look around and all I see is vapid skeletons
Temazepam, 10 years old, dousing the intelligence

And I'm here screaming ODDWORLD baby
Have you seen its been an odd world lately?
Still here singing ODDWORLD baby
Standing on the precipice of what is and what may be
