

Good Time

Ocean Park Standoff

I just want a good time, I
I just want a good time, I
I got enough on my mind, I
Yeah I just want a...
Hit me one more time
I just, I just, I just

Wanna get drunk with my friends
And talk about some nonsense
With girls that we just met
I just, I just, I just
Wanna go out at midnight
Low key, no fights
I'm messed up man, you drive
I just, I just

Wanna tell the barback "Line 'em up!"
'Cause the whole world needs some love

I just want a good time, I
I just want a good time, I
I got enough on my mind, I
Yeah I just want a...
I just want a...

I just want a good time, I
I just want a good time, I
I got enough on my mind, I
Yeah I just want a...
I just want a...
I just, I just, I just

Wanna catch vibes with strangers
Find our neighbor's
From back in LA, yeah
I just, I just, I just
Wanna call up my exes
Wish them the bestest
I'm that kinda wasted
I just, I just, I just

Wanna tell the barback "Line 'em up!"
'Cause this whole world needs some love

I just want a good time, I
I just want a good time, I
I got enough on my mind, I
Yeah I just want a...
I just want a...

I just want a good time, I
I just want a good time, I
I got enough on my mind, I
Yeah I just want a...
I just want a...
I just, I just, I just

Stop stressin' and start countin' blessings, yeah, uh, oh-oh
Stop obsessin' and just start lettin' it all go

I just want a good time, I
I just want a good time, I
I got enough on my mind, I
Yeah I just want a...
I just want a...

I just want a good time, I
I just want a good time, I
I got enough on my mind, I
Yeah I just want a...
I just want a...

I just want a good time, I
I just want a good time, I
I got enough on my mind, I
Yeah I just want a...
I just want a...
