

Lonely Love

Ocean Sleeper

Fit just like broken pieces
I'll only fall apart
Never needed
Always yours
Alone you never feel it
Come watch me break my heart
Never needed
This lonely love

Say less
Left my heart in pieces somewhere
Hoping that you find it beating
Cause I know its all for nothing
Nothings all I get

Dying slowly stay here with me
I wanna feel it
Sometimes I wish you'd never leave
You don't need me It's no secret

Fit just like broken pieces
I'll only fall apart
Never needed
Always yours
Alone you never feel it
Come watch me break my heart
Never needed
This lonely love

Say less, say less
Never gonna hear another word until you mean it
Think that I'm addicted to the way that I'm bleeding
Ya tearing me apart like no one will ever pick up the pieces

Dying slowly stay here with me
I wanna feel it
Sometimes I wish you'd never leave
You don't need me, it's no secret...

Fit just like broken pieces
I'll only fall apart
Never needed
Always yours
Alone you never feel it
Come watch me break my heart
Never needed
This lonely love

Fit just like broken pieces
I'll only fall apart
Never needed
Always yours...
