

# Parasite

Ocean Sleeper

Always been living this way  
Buried by all my mistakes  
Trapped in this endless decay  
Parasite, I'll never change

Go on and make me die  
I am the parasite in my own skin  
Trapped inside, empty eyes  
Expose my fear within  
Expose my fear within

I'm losing everything  
I'm losing everything  
Trapped inside this deathbed

Lay, lay  
Dead-weight that you can't escape  
Lay, lay  
Drown me in my own mistakes  
Lay, lay  
Kill me slowly, numb the pain  
Lay, lay  
Drown me in my own mistakes

Please just fucking leave me die, I'm the parasite  
Leave me die, I'm the parasite  
Yeah!  
Please just fucking leave me die, I'm the parasite

I'm losing everything  
Trapped inside this deathbed

Lay, lay  
Dead-weight that you can't escape  
Lay, lay  
Drown me in my own mistakes  
Lay, lay  
Kill me slowly, numb the pain  
Lay, lay  
Drown me in my own mistakes

Please just fucking leave me die, I'm the parasite
