

# Sleepless

Ocean Sleeper

With every waking moment  
And every sleepless thought  
We can cease it hold it to make this world ours

With every waking moment  
With every sleepless thought  
We can cease it hold it to make this world ours  
(To make this world ours, to make this world ours)

With every waking moment  
With every sleepless thought  
We can cease it hold it to make this world ours

With every waking moment (waking moment)  
With every sleepless thought (sleepless thought)  
We can cease it hold it (we can cease it hold it)  
To make this world ours... (to make this world ours...)
