

Smokin & Drinkin

Ocean Sleeper

Check

A-Trak, what up?

Drop a deuce in that soda
Tell your ho to come over
Coming straight out that Motor
Sipping oil never sober
Bring backwoods of that OG
We smoking them back-to-back
Molly looking like sugar
So you know that I'm dipping it
See my jeans by the stack
And my shoes cost 'bout half of that
Let's not talk 'bout the shirt
She can't even pronounce that

Ghetto brother on high end
My theory is low end
My tribe on a quest
Put that money in motion
So bitch, we smoking and drink
Drinking and smoke
My ho got tats on her face
Sell me them cookies from Oakland
But not the kind that you eat
Stuff it in Swisher Sweets
And we smoke blunt after blunt after blunt after blunt
After blunt after blunt after blunt, blegh

I don't know what y'all been thinking
Spaced-out, rolling up that stinky
(Big, big blunts the size of pinkies)
Pour one out, we'll still be leaning
I don't know what you been thinking
(Smoking, drinking, drinking, smoking)
In that order (We slow motion)
'Til it's over

Smoking and drink
Drinking and smoke
Smoking and drink
Drinking and smoke
Smoking and drink
Drinking and smoke
Smoking and drink
Drinking and smoke

Gotta get away, to escape, I smoke this kush to the face
Gotta get away, get away, I think I need to pray
Please oh Lord, oh Lord, I need your help again
Took too many pills, and I think I hear my heart beating
Taking over those chances
Honey backwoods stuffed with that grammy
My ho blowing that powder
Mixing liquor with them xannies
Stress party, get away
Hope that these problems just go away

Right there in my face
I ignore it every day

I don't know what y'all been thinking
Spaced-out, rolling up that stinky
Pour one out, we'll still be leaning
I don't know what you been thinking
In that order
'Til it's over

I don't know what y'all been thinking
Spaced-out, rolling up that stinky
(Big, big blunts the size of pinkies)
Pour one out, we'll still be leaning
I don't know what you been thinking
(Smoking, drinking, drinking, smoking)
In that order (We slow motion)
'Til it's over

Smoking and drink (I don't know what y'all been thinking)
Drinking and smoke (Spaced-out, rolling up that stinky)
Smoking and drink
Drinking and smoke (Pour one out, we'll still be leaning)
Smoking and drink (I don't know what you been thinking)
Drinking and smoke
Smoking and drink (In that order)
Drinking and smoke ('Til it's over)

I don't know what y'all been thinking
Spaced-out, rolling up that stinky
Pour one out, we'll still be leaning
I don't know what you been thinking
In that order
'Til it's over
I don't know what y'all been thinking
Spaced-out, rolling up that stinky
Pour one out, we'll still be leaning
I don't know what you been thinking
In that order
'Til it's over
I don't know what y'all been thinking
