

You'll Never Know

Ocean Sleeper

No surprise, you were never there
What justifies the crown you wear?
I can't handle another day
Living under your downward gaze

I've worked this hard
To watch you throw it all away
I'll wear these scars to show
Passion built from pain
I'm done with doubting
I'll paint my future with gold
I'm moving mountains
While you're growing cold

With all the sleepless nights
And every day passed by
You'll never know
I didn't have to do this on my own
With all the sleepless nights
And every step left behind
You'll never know
You'll never know

No surprise, you were never there
No compromise, not a single care
I can't handle another day
Living under your downward gaze

So mark my words
I will bleed for what I believe
So mark my words
I will bleed for what I believe
I will bleed for what I believe
So let it kill me
I can't have just a taste
Let it consume me
Until I decay

With all the sleepless nights
And every day passed by
You'll never know
I didn't have to do this on my own
With all the sleepless nights
And every step left behind
You'll never know
You'll never know

What's going on is more than the surface
What your eyes can't see is we have purpose
Note by note I'll build this dream
We deserve, we deserve, we deserve this
What's going on is more than the surface
What your eyes can't see is we have purpose
Note by note I'll build this dream
We deserve, we deserve, we deserve this
