

BIG TALK

Ocean Wisdom

Yeah

Yeah

Yo

I pull up and put it in park by time I get out niggas know it's a wrap
You boyfriend was acting all brave but a jab in the rave turned a man to a r
at

I made 50 quid in a day off a rap when they bragging about slanging a pack
I put 20 quid on his head because he sent me a threat and I couldn't have th
at

Course I could move me a light, move me a dark, move me a reefer
It's peak for the man that I've robbed in the past when they hear me on Fifa
That [?] seshing the game but they play it and mute it
Because my voice reminds them of when I intruded
And I still do it

Oi, look at his door

You know I still boot it

Man turned [?] with a blade, hacking away, couldn't compute it

Mans not a regular guy, got a devilish side and I'm ready to use it

Am I a prick or a saint man I can't really say because my life is confusing

I'm whipping a new ting

And I'm hitting a few tings

Them man are just typing

Tweeting but they don't do tings

I'm flexing in a new swag

I just hit the shop but they won't let the crew in

They told them that it's a real nigga free zone

Said they done the gun finger alluding to shooting

Rep coming all Putin

Rep coming all Kim-Jong-Il

Rep coming all ill I'm tutoring

Study this if you're trying to get killed

Or you're trying to get true tings

Over a million spliffs been billed

Just trying to get thru tings

You know how a real nigga feel

I flex on a stack

This track is a weapon in fact

Big clap when I [?]

Zig zag on a zug and I'm zapped

Big pack and I vacuum the pack

Man said [?]

That's flavours that you couldn't hack

I'm on a level that I don't know what a novice is

Said I'd link her but that was fake promises

You've been begging her to video the orifice

We've been setting up to rob post offices

Niggas know I get to dropping and [?]

Niggas know I get to dropping and I'm popping him

I don't get dropped

I dropped the label

Now BM records is flourishing

Man look thin but I bought him a nourishment

A routine that will bring him some muscle in

'Cause his back and his shoulders suffering

And if I strike man now with a hook

I'll leave mans face just buffering
Neck muscle would do some good
And it would help with that dick you're suckling
Put him in the boot and I give him a muffling

That's big talk
Tell me why you look piss poor
