

Burning A Bridge

Ocean Wisdom

I'm burning a bridge
I'm burning a bridge again
Get out of my way
Before I get militant
Mandem are all in my face
Talking that, talking that ish again
She'll be the shit, I'm assured
There won't be no shit again

I'm burning a bridge
I'm burning a bridge again
You all know the way that I walk
Ain't tryna slip again
Look at the way that I watch, observe the ting, reac' and then switch again
It's just a likkle magnificent
Oh so magnificent

I'm burning a bridge (Wait)
I'm burning a bridge again
Get out of my way
Before I get militant
Mandem are all in my face
Talking that, talking that ish again
She'll be the shit, I'm assured
There won't be no shit again

Look, flicking the scope up, but why would it matter?
The sicker the rapper and trickier the pattern you soak up
The gist of the matter, I'm bigger and badder
Than all of the mandem that show up
Cah levelled the ladder and never doubt
If it's a battle between me, you and Ocean
You're the likklest drip in the ocean
A ripple of likkle commotion
Look at the swagger that drip in the moment
Look at the way that I pen it ferocious
Look at the way that I drop a Migo flow
And make it all intricate, wouldn't provoke him
I'll drop a album and skip with the flip and the look of the flick of the wh
ipping the potent
You wouldn't like that, wouldn't be Ocean
I'm whipping chicken in my cauldron, oh shit, notice
See they made a breh say one thing
Hella pagans in the glow, finna ripple O
Messing with their motions
Even when it's in the purgush [?]
Her gushing on the focus
Who's the best in High Focus?
Most of you already know this
Oh shit, oh shit
She burning bridges and eloping
Packing bags and then she loading
Pick up trucks and fucking going
She don't wanna be around you, bro
She don't like what you are showing
Sick of lacking lacker leeching
Now you a sickle lying likkle rodent

Like "oh no yo, don't let O be going through motions
That's enough to get us scolded
He a whiskey; we Coronas
We a woodie, he a boner"
Lol I said it when I'm sober
But don't take me for a joker
Why?

Cause I'm burning a bridge
I'm burning a bridge again
Get out of my way
Before I get militant
Mandem are all in my face
Talking that, talking that ish again
She'll be the shit, I'm assured
There won't be no shit again

I'm burning a bridge
I'm burning a bridge again
You all know the way that I walk
I ain't tryna slip again
Look at the way that I watch, observe the ting, reac' and then switch again
It's just a likkle magnificent
Oh so magnificent

"Hakuna matata my" say my mama 'cause I look at my focal
You're fucking around with them messes now mandem are global, you're local
Itching, all of this constant itching
All of this itching
All in my mind, I'm properly switching victim
Of my insides, a tup on the mind
Is more than a fickle affliction
Slack on the grind and
All of my mind is steadily twitching, itching
I fuck with some commas, I fuck with some bitches
Watch how I'm switching vixens
Ey do ya know 'em? They call him the Wisdom
